7:15 Pete Levesque from Wetland Consultants, Inc. East Longmeadow and Anthony Carnavalle a builder discussed the two properties on Scantic Road to be sold. The two properties were subdivided off a 63 acre parent lot with house. Each lot is 11.46 acres. There are three types of soil on the properties. There will be a septic system and well water on each lot. NHESP says it does fall in priority habitat of climbing fern. Monuments will be permanent lolly columns 40'-50' apart and filled with concrete. The monuments will be 18" tall. Silt fence, hay bales and wattles will be put in also. Phil Grant made a motion to accept the plans on lot 2 and Judy McKinley Brewer second the motion. All were in favor.

Lot #3 on Scantic Rd. is adjacent to lot #2. The lot is in an upland field with the driveway coming off Scantic Rd.. There will be a septic system and a well on the property. Two thirds of the house is outside the buffer zone. Judy McKinley made a positive determination on lot #2, Ted Zebert second the motion. All were in favor.

7:45 Rick Greene came in with a proposal for a permanent monument between the Senior Center and the Police Station with John Flynn's name date on it. They would like to have it in memory of John Flynn's long activity in Hampden and call it the John M. Flynn Public Access Center. Rick told us that he has been in touch with a lot of people that are willing to do the work for free in reference to tree cutting and removal, etc. They would probably build a stone horse shoe around the stone with flowers in it.

8:00 With all items discussed with, a motion to close the November 16, 2016 meeting at 8:45 was given by Phil Grant. All were in favor.
